DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.

Response to Arguments

2. Applicant's arguments, see pages 5 and 6 of Appeal Brief, filed December 21, 2004, with respect to claims 1-20 have been fully considered and are persuasive. The 35 U.S.C. 103(a) rejection of claims 1-20 has been withdrawn.

The examiner agrees with the applicant's argument that the APA and Erckert source do not teach in combination the two signals going to the activity timer. Since neither teaches two different signals going to the activity timer, there is no reason to combine the two that would result in two different signals being applied to the activity timer.
